NOVEMBER 2003 NEWSLETTER

Our sincere condolences go out to all those affected by the recent fires. Please know that our hearts and prayers are with you. Many are burdened not only with the loss of their home and personal effects but with the rebuilding process. Should anyone know of individuals in need of assistance in rebuilding, please contact any of your Club's board members and we will do our best to find members who can lend a helping hand.

Palomar College has designated a special portion of the College Foundation to handle monetary contributions to assist faculty, staff and students. Please call 760-744-1150, extension 2733, for details on this. It is my understanding that Jack Stone, one of the Palomar woodworking instructors, and three woodworking students lost their homes. Your Club has already offered our assistance in helping these individuals rebuild.

LAST MONTH:

If you missed this party (like I did because I was on vacation), I hear you missed a PARTY!!!! Great food and a pleasant get together, under the trees at the Baskins home, was the order of the day. Besides that there was Butch's shop. It was probably cleaner on the party day than it was last Sat. (I went there to borrow a jig), but clean or not what a great workplace. I like my shop but I guess I have too much stuff – you can actually walk around in Butch's shop with isles wider than just a place to put your feet. Thanks to the Baskins for a great party.

MARK YOUR CALENDAR

No meetings in November or December.

PRESIDENTS MESSAGE

Another case of SUPREME SHOP ENVY after touring Butch Baskins' shop on Saturday, October 11th!! More room in his shop than I have in my house (and I have a pretty fair size house)!! What a great layout with some really neat tools and stuff! However, the real highlight of the day was our First Annual NCWC Picnic hosted by Butch and Lori Baskins at their beautiful home in Valley Center. The setting was beautiful, the food was delicious and, I think, everyone had a great time getting to know spouses, guests, etc. About 32 attended. I received several comments recommending we have another get together next year—your Board will consider it!! And a special thanks to members of Butch's committee, Bill Carpenter and Trinna Langdon, for helping with the logistics. For those of you who could not attend, you missed a great day!!

As you know, we are dark (no Club meetings) in November and December but your Board will continue to meet to work on next year's program and activities. Several of you did not complete a member's survey form that we use to assist in building our annual program. For those who did not, please give Butch, Ray Brooks or me an e-mail or phone call with your thoughts/input as soon as possible.

Several of you have already renewed your memberships. If you have not, please do so and mail it in. Also, most who attended the picnic received membership brochures to give to your friends, relatives, etc. Remember our goal: "Every Member Get a Member". I would love to see our meeting room full at our first meeting on January 15, 2004!!

Happy Thanksgiving to all!!

And Good Woodworking!!

Tom Lightner
President

PROGRAMS IN THE COMING MONTHS:

Programs for next year are "cabinet maker to the stars", metal working in the woodshop, power tool maintenance and repair – a night at Tool Mart, Jigs and fixture night . Butch's hand Surgeon promises to give a presentation on the reasons not to meet him by accident next year.

We also have a commitment from Jeff Richardson, the President of Compliant Spray Systems (water base finishes) in San Clemente to speak to the club in January. The finishes produced by Compliant are Ray Brooks' new favorite and Jeff will tell us all about them. He tells me there will be some goodies for some lucky members as well.

Try this on for size. I would like to make woodworking or related articles, written by our members, available on the web site. Can you write? Do you have a special tidbit that you would willingly pass along to the membership?

Please contact me with your input. I will assist in editing if you provide a starting text. Pictures work too.

Butch and his wife donate their time and effort to make the goodies and provide all this at their own expense. Thanks again to our fellow member for his efforts.
