PRESIDENTS MESSAGE

Well I'm back on my feet again and would like to thank all of you for helping out and filling in while I was out of town and ill. It was nice to be back at the board meeting on Thursday. In last months newsletter I neglected to mention some very important club news so let me get right to it.

First of all I would like to congratulate all of you who had projects in the Palomar College display and also The Design in Wood at the San Diego County Fair. The work displayed this year was outstanding.

I don't have a complete list of everyone who had projects on display, but if someone could get that for me I would like to publish it in the newsletter in September. I would also like to ask that those of you who had items displayed at the fair bring them to our club meeting on the 18th for a special show and tell segment.

Another item I forgot to mention was the old school house that some of our members built at The Escondido Children's Museum. Sheds Plus in San Marcos donated a small storage shed to the cause and past President Tom Lightner, Kiwanis President and club member Len Alton, and club member Bob Howard all worked very hard in turning it into a one room school house right out of Escondido's past. If you have a chance drop by the museum and check it out. There is also a very nice article in the June 18th edition of the North County Times.

I would like to thank Jerry Moors for agreeing to serve as club treasurer for the next two years. Jerry will replace Karyn Quraishy, who is being "term limited out" you might say. Our bi-laws allow officers to serve only 2 year terms.

Von Lindsey came up with a great idea earlier in the year regarding distribution of club member's old woodworking magazines, books and videos. At the board meeting on August 4th we agreed that this idea had a lot of merit so we asked Von if he would serve as the clubs first librarian and he agreed. He will tell us more at our club meeting on the 18th. I hope he knows what he is getting into because I have a huge collection of all of the items listed above and my wife would dearly love to see them disappear.

Our member's only raffle ticket sale starts at our next club meeting on August 18th. We will have tickets on sale for a Leigh D4 Dovetail Jig. This is their top of the line 24" dovetail jig and it retails for just over \$400.00. We will be selling tickets for \$1.00 each or 7 for \$5.00. In order to buy tickets you must have your 2006 club dues paid and show your 2006 membership card.

You do not have to be present to win, but your ticket must have your name and telephone number on the back for you to win, if you are not in attendance. The ticket sellers will not hold your tickets for you. The tickets must be in the jar with your name and phone number on the back.

Bill Cox, a Palomar College instructor and an expert on dovetail jigs will demonstrate the jig at our October meeting and at the end of the meeting the jig will be raffled off. If you recall we did the same thing last year with a Jet mini lathe. We will have another member's only raffle in February or March so stay tuned.

The club election will be at the August meeting and the slate of officers and chairpersons is published later in this newsletter.

I look forward to seeing all of you on the 18th so safe woodworking and use those push sticks and safety glasses.

Butch Baskins, President

This Month's Program
