PRESIDENT'S MESSAGE

Ho, ho, hum... Another year of woodworking as a "Professional" and I'm still not rich. I must be doing something wrong. But hey, I do have a wonderful family and a nice collection of tools. I'm still hoping that Santa will put a CNC machine under our Christmas tree. Hey, at least I did manage to get a few more nice toys this year!

Our hard working board of directors had its December meeting last Thursday. I tell you what; this board of directors (not counting me) is a well oiled machine. I know that Thanksgiving is well past, but I for one am certainly thankful to have such a great bunch of people running our club. We actually had about 15 people at our last board meeting! And those brownies that Butch made went great with the eggnog. This coming year is going to be the best yet for the club with some terrific meetings being lined up and lots of shop tours being planned.

January's meeting will feature guitar maker Ken Minasian and we will also start out the year with a great raffle – for members only. Our membership dues are still only \$20 per year

which is an incredible deal just for the meetings, but we also get great discounts from a number of terrific vendors.

For January we will be raffling 3 great prizes: a Gordon 1" shoulder plane, a Lie Nielson bronze block plane and a Garrett Wade boxed 6pc chisel set. In order to buy tickets for these prizes you must have your 2007 dues paid up.

We are also looking for volunteers for the 2007 picnic committee, so if you would like to volunteer please let me know.

I look forward to seeing you all again next year on January 18th. Be sure and use those guards, splitters, push sticks, safety glasses, hearing protection and dust masks!

Joe Dusel, President

This Month's Program

There are no meetings in November or December.

Upcoming Programs

At the January meeting we will be introduced to the fine art of guitar making by Ken Minasian. Ken started his interest in woodworking in a Whittier California, junior high school program in the late 60's. After getting a degree in marketing, he returned to woodworking via adult education at Torrey Pines High School where he built an acoustic guitar. In 1996 he entered the Palomar Cabinet & Furniture Technology program where he earned the 3 certificates in furniture, cabinet, and millwork. He has received numerous awards with entries in the Palomar and the Design in Wood show at the Del Mar Fair. Ken was featured on the back cover of fine woodworking #165 with a Greene and Greene style chair about 3 years ago, and for the last several years he has received awards for the best guitars in Design in Wood. It should be added that Ken's background in marketing shows in his presentations; he is an entertaining communicator with a topic about which he is very knowledgeable.

SPECIAL PROJECTS 2007

NCWC Shop Tours 2007

As special projects chairman I would like to announce the start of NCWC Shop Tours. Starting on January 13th we'll be at the shop of Ray Brooks in Escondido from 10 A.M to noon. Ray has just finished a massive shop cleanup and reorganization and to celebrate Ray has invited us to come over and see where he builds his beautiful furniture and boxes.

On February 10th NCWC President Joe Dusel will open his shop to the club from 1 to 3 P.M.. Joe runs a one man high end cabinet shop out of his garage and uses some very nice machinery in doing so. This tour will be a real treat and give everyone the opportunity to see the fine craftsmanship that our president turns out.

If I can get enough members and commercial shops to step forward a shop tour every month may be possible. If you would like to show off your shop e-mail me @ sawdustvc@aol.com or give me a call @ 760-751-1227.
